

## Floral Displays

*Attracting Attention with Colorful Plants*

### *Municipal*

The Town Manager has taken a personal interest in identifying opportunities to add floral displays around the town within the

Examples include around town entrance signs, the median at the Route 10 Bypass and Business intersection, on the side of

Battery Park Road near the intersection with S. Church Street, on Main Street and at The Smithfield Center.

Floral displays are varied in plant material and are typically integrated in with a larger landscape area to maximize the visual impact. Effort is made in floral displays to have an impact year round if possible

Floral displays are maintained by a combination of Public Works staff and a landscape contractor who works for the town.
