Ask one of our docents for our "Visit The Farms of Isle of Wight County" brochure for details on these farms, and be sure to call first before heading out there as many of the farms are open seasonally.

Isle of Wight County was founded in 1634 as one of the eight original shires. The county was originally named Warraskoyack Shire after the Native American tribe that habited the area. The name was changed to Isle of Wight in 1637, after Isle of Wight, England. Today Isle of Wight, with its towns of Windsor and Smithfield, is home to approximately 35,000 residents - and growing!
